## COMMENTS/HISTORICAL INFORMATION:

"Classic" Covington-Newport brick townhouse of modest scale. Main façade contains 2 windows at each level; main doorway in 1<sup>st</sup> bay position of south elevation. Shallow, shed-roofed, 1-story projection at rear, with shallow frame extension. Façade bays accented by carved, pedimented, geometrical stone headers with impost blocks, and bracketed sills. Bracketed cornice with diamond and rectangular designs in relief. Original 2/2 dhs windows with aluminum storm sash added. Simple, double-hairpin iron fence defines front lot line. George J. Gerwe, shoemaker, and George T. Gerwe, clerk, were owner-occupants here in 1928. By 1938 George Sr.'s widow Anna lived here; the directory indicates that, unlike many of her neighbors, she had a telephone.
